OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,

Dated Bangalore, 28th October 1923.

No. C. 297—23-24.

OFFICIAL MEMORANDUM.

SUBJECT :—

Para 7 (iii) of Government Order No. 794-806—C. B., dated 13th September 1923, authorising the Revenue Commissioner to sanction grant of remission of assessment for one year in the case of garden or wet lands seriously damaged by the recent floods.

This office D. O. No. C. 297, dated 18th September 1923, requesting the Deputy Commissioners of Mysore, Shimoga and Kadur Districts to suggest certain principles on which grant of remission of assessment to owners of wet and garden lands affected by the floods so as to ensure the adoption of a uniform method in the districts affected by the floods and calling for their opinion.

The marginally noted references from the Deputy Commissioners of Mysore, Shimoga and Kadur Districts submitting their proposals in the matter.

(1) Letter No. Hc. 18—23-24, dated 26-9-23, from the Deputy Commissioner, Shimoga.

(2) Letter No. R. O. C. 508—23-24, dated 24-9-23, from the Deputy Commissioner, Mysore.

(3) Letter No. D. Dis. 450—23-24, dated 14-10-23, from the Deputy Commissioner, Kadur District.

Although no hard and fast rules can be prescribed for the grant of remission in the case of lands affected by the floods, the following instructions are issued laying down the general principles on which the grants of remmission may be granted :—

1. *Wet lands.*—(i) Where a land has been completely damaged or has been rendered totally unfit for cultivation owing to heavy land-slips or other causes, the rules contained in Section 47 of the Land Revenue Code should apply.

(ii) In the case of lands in which the seedlings were washed away and there was time enough for the seeds being resown, no remission need be recommended except in cases where the yield is less than four annas. But where the crops have been totally lost and there is no time for the seeds being resown on account of the difficulty in rendering the land again fit for cultivation, full assessment in proportion to the area thus affected may be remitted.

2. *Bagayet lands.*—In the case of Bagayet lands where the out-turn is less than four annas, full remission for the year may be recommended.

In the case of lands requiring special treatment, special recommendations may be made in each case on its merits.

3. The shanbhogs should prepare, along with the other annual accounts, a statement in the * noted form showing the lands affected by the floods and the nature of relief required by the occupants thereof. The Amildar while conducting the dittam Jamabandy should inspect the lands and place the statement for the orders of the Jamabandy Officer with his opinion The recommendations for remission should reach the undersigned before the end of December next so that orders might be passed on all such cases before the commencement of the collection season.

(Sd.) K. CHANDY,
Revenue Commissioner.

To—The Deputy Commissioners of Mysore, Shimoga and Kadur districts.
The Revenue Secretary to Government.

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

General and Revenue Departments.

G. O. No. R. 3748-58—L. R. 502-17-10, DATED 4TH FEBRUARY 1922.

SUSPENSION AND REMISSION OF WET ASSESSMENT.

Issues revised rules in the matter of —— on tank-irrigated lands and directs that the rules be adopted tentatively for a period of five years.

READ—

Correspondence ending with letter No. C 4276, dated 12th November 1921, from the Revenue Commissioner in Mysore, forwarding a set of draft rules in the matter of suspension and remission of wet assessment on tank-irrigated lands.

ORDER No. R. 3748-58—L. R. 502-17-10, DATED 4TH FEBRUARY 1922.

It has been the settled policy of Government as laid down in Government Orders Nos. 9048-55—Pet. 151, dated 16th April 1897, and R. 1211-2—L. R. 331-06-4, dated 10th August 1907, to grant partial remission of assessment only when there is a general failure of wet crop in any locality and consequent distress and not in individual cases where a tank on which lands are dependent for their irrigation does not obtain a sufficient supply of water in any year on account of deficient rainfall.

2. But it having been frequently pressed on the attention of Government at the successive Sessions of the Representative Assembly, that the existing policy should be changed so as to afford greater relief to the raiyats, a Special Committee of the Representative Assembly was constituted in Government Order No. Camp—C. 122-71—G. M. 418-17-1, dated 4th November 1917, to investigate the question of remission of wet assessment under the Mysore, Madras and Bombay systems, and to examine the representations on the subject. The report of the Committee has been under the consideration

of Government for some time past. In this connection the Revenue Commissioner has submitted his proposals which have been carefully considered by Government. In the last Session of the Assembly also, the subject was discussed at length and the members were informed that the issue of suitable rules was under consideration and, that after these are issued they might make further representations, if necessary, if the rules did not afford the expected relief.

3. Government are accordingly pleased to issue the following rules, in supersession of those now in force and to direct that they be adopted tentatively for a period of five years, after which any changes that may be deemed necessary in the light of the experience gained in their practical working will be further considered.

(1) Where, owing to failure of rains throughout any tract, any tank in such tract has not received an adequate supply of water, so that more than half the area of wet lands under it has remained uncultivated, or has, even though cultivated, yielded a crop of not more than 4 annas, the recovery of half the assessment for the year on all the *wet* lands under such tank may be suspended by the Revenue Commissioner, provided that he is satisfied that the tract is already so impoverished or the previous harvests have been so poor as to render such a measure of relief necessary.

(2) The amount of assessment suspended under Rule (1) shall be collected in the following year along with that year's khistbandi, unless there is a similar failure of crop or a harvest of not more than 4 annas in that year also, in which case it will be remitted.

(3) Application for suspension or remission under Rules (1) and (2) should be made by the villagers concerned to the Amildar before the end of November.

(4) The Amildar shall, on receipt of the application, make a personal inspection of the affected tract and submit a report of the result, with a statement in the annexed form to the Sub-Division Officer, who will forward it to the Deputy Commissioner by the end of December with his own opinion after personal inspection and such further enquiry as he may consider necessary to satisfy himself about the accuracy of the Amildar's report.

(5) On receipt of the report, the Deputy Commissioner shall, if he is satisfied with the claim of the villagers for suspension or remission as the case may be, submit a recommendation to the Revenue Commissioner, with a consolidated

statement in the form mentioned above before the end of January.

(6) If the Revenue Commissioner considers that a good case for the grant of suspension under Rule (1) is made out, he will sanction the suspension and cause an announcement thereof to be made before the beginning of the khistbandi in February, and shall forthwith report the fact for the information of Government with particulars of the tract affected and the probable amount of the suspended revenue.

(7) When the Revenue Commissioner is of opinion that remission of the suspended revenue should be sanctioned under Rule (2) he will report the case to Government and obtain their orders in the matter.

(8) The above rules will be applicable only to lands under tanks and not to those under river and other channels, the supply to which is more or less certain and assured.

4. These rules will not affect those relating to the grant of remissions of assessment of lands lying waste by breach of the sources of irrigation (Pages 195-196 of the new Revenue Manual).

APPENDIX XI.

(Vide *reply to Interpellation No. 34.*)

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

G. O. No. 256-60—Dis., dated Bangalore, the 16th January 1924.

Remission of half the assessment.

Sanctions the————in the case of lands classed as wet and irrigable under tanks in Goribidnur and Maddagiri Taluks and in the Gudibanda and Koratagere Sub-Taluks during the year 1923-24.

READ—

Government Order No. 3748-53, dated 4th February 1922, issuing revised rules in the matter of suspension and remission of wet assessment on tank-irrigated lands.

2. Para 11 of letter No. C. 147, dated 4th November 1923, from the Revenue Commissioner in Mysore, submitting certain proposals for the remission and suspension of Land Revenue during the year 1923-24 in tracts affected by drought.

Order No. 256-60—Dis., dated the 16th January 1924.

Government passed certain general orders, in the Government Order read above on the subject of granting suspension and remission of wet assessment on lands under tanks. The Revenue Commissioner has now submitted certain proposals which go very much beyond the scope of those orders and he recommends a general relaxation of the rule in the case of tracts affected seriously by adverse seasonal conditions in the districts of Kolar and Tumkur as a special case.

In Government Order No. R. 2583-93—R. M. 11-23-104, dated 7th December 1923, the time prescribed for submitting applications for such relief has been extended up to the end of December 1923 and Government are now pleased as a very special case to relax the general rules under which suspensions and remission can be granted in the taluks specified in the margin, of the two districts of Kolar and Tumkur

Goribidnur, Gudibanda, Maddagiri, Koratagere.

which have suffered seriously on account of insufficient rainfall for more than two successive years and to order as follows :—

ASSESSMENT ON LANDS CLASSED AS WET.

1. In the case of lands classed as wet and irrigable under tanks on which the crops have totally failed or the out-turn is not more than two annas in the total of a normal crop of 16 annas, one-half of the assessment instead of being suspended for one year shall be remitted.
2. Individual applications need not be insisted upon and tracts affected adversely may be dealt with together, the rules of inspection before granting remission already prescribed being followed in respect of each survey number.
3. Government are not prepared to accept the recommendations of the Revenue Commissionor to suspend half the assessment in the case of failure of crops on dry lands as they see no justification now for departing from the established principles upon which the dry lands have been and are to be assessed at each revenue settlement.

K. V. ANANTARAMAN,
Secretary to Government,
Revenue Department.

To—The Revenue Commissioner in Mysore.
The Deputy Commissioners of Kolar and Tumkur Districts.
The Superintendent, Revenue Survey and Settlements.
The Comptroller to Government.

§ In 1923-24 also, two female scholarships fell vacant and were given to a Brahmin and a Naidu.

‖ In 1924-25, one female scholarship is vacant and has been reserved to be renewed to a girl if she should pass at the next chance.

APPENDIX XIII.

(Vide *reply to Interpellation No. 38.*)

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

No. Fl. 8323-7—L. S. 75-05-2, dated Bangalore, 4th May 1907.

READ—

Letter No. 187, dated 16th June 1906, from the Survey and Settlement Commissioner in Mysore, forwarding for the consideration of Government the representation made by the Agent of Sringeri Jaghir stating that the income of the said Jaghir will be materially reduced if the levy of Halat on supari be abolished as contemplated by Government and praying for the grant of an adequate compensation to the Jaghir should the levy of Halat in question be decided to be done away with.

READ AGAIN—

1. Government Notification No. Fl. 6878-88, dated the 14th March 1907, announcing the abolition of Halat on supari with effect from the 1st July 1907.

2. The decision of Government No. 1600—P F. 68 of 94, dated the 21st February 1902 holding that when Government abolish any existing item of taxation throughout the State, the holder of an alienated village who is bound not to levy it in his village has no right to claim compensation from Government on account of the loss caused to him thereby.

No. Fl. 8323-7—L. S. 75-05-2, DATED BANGALORE, 4TH MAY 1907.

ORDER THEREON.—The proceedings of Government No. 1600—P.F. 68 of 1894, dated the 21st February 1902, read above, lays down the general principle that has long been recognised that no holder of an alienated village is entitled to any compensation on account of the abolition of any existing item of taxation. According to this ruling, none of the Inamdars in the State, including the Sringeri Jaghir, who are entitled to Sayer revenue, can, as a matter of right, demand any compensation on account of the abolition of the Halat on supari with effect from the next official year.

2. The case of the Sringeri Jaghir however, presents special features which entitle it to special consideration at the hands of Government. It differs from the other Jaghirs in the State in its great antiquity and the purposes for which the grant was made. This Jaghir is said to have been granted so far back as 1346 A.D. by the Vijayanagar Kings for the support and maintenance of the Mutt which was founded by the great

Sankaracharya in the 8th century. It is recognised as the principal centre of the Advaitha School of Philosophy throughout India and has had a regular apostolic succession of high priests who have commanded universal veneration by their piety and learning. It occupies a foremost place among the religious institutions of India to which all schools of Indian thought pay reverence. From the earliest times, the integrity of Sringeri Jaghir has been respected and its maintenance has received special attention at the hands of the rulers for the time being. The revenue derived from the Jaghir is spent on temple service, in encouragement of study of the philosophic systems appertaining to the Hindu Religion and in the hospitality which the Mutt authorities have to extend to pilgrims and others on special occasions, such as the Navaratri, etc.

3. The average revenue of the Jaghir is about Rs.51,000 of which about Rs.20,000 is derived from Sayer. This item of revenue, *viz.*, Sayer is said to have been conceded to the Mutt by the Keladi King Somasekhara Naik for the celebration of the Navaratri festival of Sri Saradamba in the Mutt and the annual average expenditure incurred by the Mutt on this (Navaratri) festival is reported to amount to about Rs. 15,000. The Mutt has been deriving an average income of Rs. 19,668 from the Halat on supari which item of revenue if abolished would materially reduce the total income of the Mutt by about 38 per cent. It is urged that the Mutt cannot afford to forego so large a portion of its resources if it is to maintain the status and prestige it now holds.

4. The Government, on a consideration of all the circumstances, are of opinion that the Jaghir in question deserves special consideration, and are accordingly pleased to sanction, as a special case, an annual grant of Rs. 15,000 (fifteen thousand rupees) to the Sringeri Mutt with effect from the 1st July 1907 as an equitable set-off against the loss which will be sustained by it by the abolition of Halat on supari. The Comptroller is requested to make the needful provision in the budgets of the next and succeeding years.

APPENDIX B.

MEMORANDUM ON THE FURTHER DEVELOPMENT OF LOCAL SELF-GOVERNMENT.

In Government Order No. 961-70—C. B. 67-23, dated 24th September 1923, Government appointed a Special Officer to deal with the 48 Resolutions of the Local Self-Government Conference of 1923 and the general questions of policy raised after making a complete survey of the present situation in regard to the working of the Local Self-Government Scheme in the State. The

recommendations of the Special Officer on the Resolutions of the Conference have been under the consideration of Government for some time past. Some of the resolutions of a miscellaneous nature not bearing on questions of general policy are individually under consideration and the orders passed on them have been from time to time published in the *Mysore Gazette*.

2. As regards the questions relating to the re-organization of the scheme of Local Self-Government, with a view to remove existing deficiencies and place the working of Local Bodies on a proper basis, Government have had under consideration a scheme for re-organising the local bodies on the lines indicated below and before legislation is undertaken to give effect to the scheme they desire to place the matter before the Representative Assembly for their views. The tentative conclusions arrived at by Government are as follows :—

I. Village Panchayets.

3. The recommendations of the Conference regarding the future development of Panchayets are briefly as follows :—

(1) It is necessary that the Panchayet Scheme should be introduced into all the villages in the State, the Village Improvement Committees being abolished.

(2) The duties to be performed by Panchayets should be classified as obligatory and optional and among the former should be included (*a*) Primary Education, (*b*) Sanitation including water-supply, (*c*) Communications, (*d*) Agriculture including Veterinary and Sericulture, and (*e*) Co-operation.

(3) It is desirable that Panchayets should be invested with powers under the Village Courts Regulation and also entrusted with supervision over Minor Muzrai Institutions.

(4) Panchayets should supplement their income by taxation to the extent necessary for the discharge of their obligatory functions, in addition to the contributions that may be made to them by the Government or by the District Board, for the performance of those duties.

4. Government propose to accept generally the recommendations of the Conference and to develop the Village Panchayet Scheme on the following lines :—

(*a*) A Panchayet will be constituted for every village or group of villages in the State.

(*b*) The duties of Panchayets will be classified into obligatory and optional. Among the obligatory duties, only Village Sanitation and Communications will be included. Optional duties, will consist of all other items of work which promote the health, convenience or comfort of the inhabitants.

(*c*) Provision will also be made to invest select Panchayets with powers under the Village Courts Regulation, Tank Panchayet Regulation and Forest Panchayet Rules. The management of minor Muzrai institutions and supervision over Village Elementary Schools will also be handed over to Panchayet at the discretion of Government.

(*d*) As regards finances, the Panchayets will be required to levy taxes on houses, shops and vacant sites, and hittals and the present mohatarfa taxes will be abolished. They levy of cesses for special purposes will be provided for, but made optional. Grants to Panchayets will be made direct by Government.

(*e*) The Panchayets will be placed under the control of the Amildar subject to the general orders of the Deputy Commissioner. The Amildar will be required to inspect the Panchayets, scrutinise their work and pass their budgets. Orders passed by the Amildars in any matter will be subject to an appeal to the Sub-Division Officer, and then to the Deputy Commissioner whose decision will be final. To assist the Amildar in carrying on the administration of Panchayets efficiently, an Inspector of Panchayets will be appointed for each taluk towards whose pay, the Panchayets will be required to contribute to an extent to be determined by Government.

5. The above scheme is substantially in accordance with the recommendations of the Conference except in so far as their control is concerned. As the Panchayets will be entrusted with judicial functions and other communal work such as control over tanks, forests and muzrai institutions, it has been considered desirable to associate the local officers more closely with the work of these institutions. A separate Panchayet Regulation will be necessary and a Bill will be prepared on the above lines accordingly.

II. Taluk Boards.

6. The Committee appointed in 1914 pointed out that the area of our Taluk Boards being conterminous

with that of Revenue Taluks, the scope for Taluk Board work was unduly limited and therefore recommended that these Boards should be reconstituted on the Madras model as corporate bodies with independent funds and functions. The Conference of 1915 also expressed the same views in their resolution. Although the recommendation of the Conference of 1915 was accepted as regards making the Taluk Boards independent corporate bodies with separate funds, the Revenue Taluk continues to be the area for the activities of the Taluk Boards. Separate funds assigned to the Taluk Boards comprise of the following items :—

(1) Fifty per cent of local cess on land revenue.
(2) Cattle-pound receipts.
(3) Fees from musafirkhanas and travellers' bungalows.
(4) Fines under Village Sanitation Rules.

The effect of this financial arrangement has led not only to the depletion of the resources of the District Boards, but also has proved unsatisfactory in the case of the Taluk Boards themselves. There are as many as 32 Taluk Boards which present deficit budgets annually to meet which the District Boards have to find funds. The balances at the disposal of District Boards after meeting their recurring charges are insufficient for the purpose. With the introduction of the Panchayet Scheme into all rural areas, providing for such essential items of work as sanitation and communication being looked after by the Panchayets, the limited scope of work of the Taluk Boards becomes still more limited, and there will hardly be sufficient work for both District Boards and Taluk Boards. The finances of the District Boards will suffer considerably by the abolition of mohatarfa and they will not permit of the continuance of the Taluk Boards as independent corporate bodies. Further, the constitution of the District Board as a unit of administration for Local Board purposes has the advantage of keeping down the recurring chages, of concentrating funds for works of public utility and making for efficiency in that the responsibility is centred in a single agency. Considering all the aspects of the case, Government think that the Taluk Boards may be abolished without in any way sacrificing the progress of Local Self-Government in the State.

III. District Boards.

7. The abolition of the Taluk Boards places the constitution of District Boards on a slightly different basis. Instead of the Taluk Boards being the principal electorate for District Boards, the taluk constituencies will return such number of members as Government may deem necessary to the District Board. Franchise will be brought on a level with that provided for the Representative Assembly and the representation of the Municipal Councils on District Boards dispensed with. Franchise will be extended to women as in the case of elections to Municipal Councils. The functions of the District Board will continue much the same as heretofore with the added responsibility of having to make satisfactory arrangements for the taluk, inter-taluk and inter-village services under communications, medical relief and sanitation, etc.

8. As regards finances, it will be seen that the constitution of Panchayets for all villages deprives the District Boards of the revenue from mohatarfa. The loss sustained will amount to nearly Rs. 2·30 lakhs out of total local fund income of Rs. 12·8 lakhs excluding the income from special cesses such as railway cess and education cess which are separate funds and are earmarked for special purposes. The ordinary income of the District Board will be barely sufficient to meet the recurring expenditure and leave a small margin for optional public works. The revenues are in-elastic, the bulk of it coming from the allotment of cess on land revenue and excise.

9. The levy of education cess is being gradually agreed to by the District Boards and five out of eight districts are already levying the same. Primary Education will be one of the essential functions of District Boards and it will be necessary in the interests of the development of rural elementary education to secure uniformity in the levy of this cess. Legislation to secure this object is urgently called for and will be undertaken in due course.

10 In order to ensure that taluk, inter-taluk and inter-village services are not neglected and that the other functions of the District Boards are efficiently carried on, the District Boards will be permitted to appoint, at their option, Chief Officers to help the Presidents.

11. Further, for remedying promptly the grievances of the people and securing the proper working of District

Boards, the Deputy Commissioners will be empowered to exercise additional powers besides those provided for in the existing Regulation so that they may inspect the Offices of the District Boards and call for the records of any case either on their own motion or on the application of an aggrieved party and if satisfied that the order or proceedings of the Board or its executive is wrong or contrary to law to submit the records of the case with their opinion to Government for such orders as they deem fit to pass.

IV. Municipalities.

12. As regards Municipalities, few changes of importance have been proposed either in respect of constitution or functions and the existing Municipal Regulation appears to meet the requirements of Municipal Bodies satisfactorily.

13. The Conference have proposed an important change in the system of election of Presidents to Municipal Councils in that they recommend that the Presidents of Municipal Councils should be elected by the general body of voters instead of by the Councils themselves from among the members. This is a change which has not been adopted so far in any of the Provinces in British India and it would, therefore, be inexpedient to adopt the change universally here without giving it a trial in a few select local areas. To enable this being done provision will be made in the Regulation for the election of Presidents by the general body of voters in such areas as may be approved by the Government and in accordance with such rules as may be framed by the Government from time to time.

14. Another important recommendation of the Conference is that the Municipal Regulation be amended so as to give option to Municipal Councils to levy shop tax in lieu of profession tax and shop tax will be included as an additional item of taxation under Section 59 of the Regulation.

15. A few other amendments affecting the details of Municipal administration seem to be called for and have been recommended by the Conference and the Committee appointed for revising the Municipal Account Manual and these will provide for the following:—

(*a*) Inspection of Municipal offices and calling for records by Deputy Commissioners as in the case of District Boards.

(*b*) Appointment of Inspectors by Government to inspect Municipal Offices.

(*c*) Execution of warrants of one Municipality in another for recovery of taxes.

(*d*) Grant of house-building advance to employees of local bodies out of their funds.

(*e*) Composition of Municipal offences.

(*f*) Grant of loans to encourage local arts and industries.

APPENDIX C.

STATEMENT *re* THE AMENDMENT OF THE MYSORE CRIMINAL TRIBES REGULATION.

The Indian Criminal Tribes Act of 1911 on which the Mysore Criminal Tribes Regulation No. VII of 1916 is based, has been amended by the British Indian Act I of 1923. To bring our Act on a line with the British Act it is considered necessary to incorporate, as far as possible, in our Act the amendments contained in the Act of 1923. The changes contemplated are the following:—

(1) To give to the local officers power to direct the transfer of a criminal tribe from one locality to another within their jurisdiction.

(2) To authorise the arrest by any officer in charge of a police station or any police officer not below the rank of a Sub-Inspector without warrant, members of criminal tribes committing even non-cognizable offences; and

(3) To take power to transfer members of criminal tribes, not subjects of the State, to any Province of British India or other Native State with the previous approval of the Government of such Province or State, if adequate provision has been made by such Government for restricting the movements or for the settlement of the criminal tribes.

APPENDIX D.

STATEMENT *re* THE AMENDMENT OF THE CHIEF COURT REGULATION.

The Chief Court Regulation does not provide for delegation by the Government of any of the powers they are

exercising under the Regulation to the Chief Court. This causes a good deal of inconvenience and unnecessary correspondence It is proposed therefore to amend the Regulation by introducing into it an enabling provision empowering the Government to delegate all or any of the powers which the Government are exercising under the Regulation to the Chief Court. A new Section is proposed to be added to the Regulation in place of the present Section 23 which has become quite obsolete.

APPENDIX E.

STATEMENT *re* AMENDMENT OF THE MYSORE VACCINATION REGULATION, 1906.

Under the Mysore Vaccination Regulation as in force at present, the Government may, by notification in the Official Gazette, declare that vaccination shall be compulsory in any local area from and after a date during a period to be fixed in such notification. If vaccination is to continue to be compulsory in any local area the period of duration so fixed will have to be extended from time to time.

2. The Local Self-Government Conference of 1923 passed a resolution that vaccination in Municipal areas be made compulsory as a permanent measure and that the Vaccination Regulation be extended to all Village Panchayet areas. So far as Municipal areas are concerned, the benefits of compulsory vaccination have been realised by the Municipal Councils and a majority are in favour of removing the time limit and making vaccination compulsory either permanently or indefinitely. As regards rural areas, vaccination will be made compulsory only in areas in which the necessary conveniences are forthcoming, and when these conveniences cease to exist the notification may be withdrawn.

3. It is accordingly proposed to amend the Vaccination Regulation to give effect to this decision.

APPENDIX F.

NOTE CIRCULATED TO THE MEMBERS OF THE REPRESENTATIVE ASSEMBLY IN CONNECTION WITH RESOLUTIONS Nos. 1 TO 4.

The Government have had for some time under their consideration the question of introducing a principal of

reciprocity in the matter of the stoppage of processional music while passing in front of places of worship belonging to other communities. The subject was referred to in the Dewan's Address to the Representative Assembly in October 1923 as one of the larger questions engaging attention. This is a matter which has frequently been a cause of differences between the several communities in the State Orders issued by Government and decrees of civil courts passed from time to time in individual cases, while setting at rest the dispute or difference in a particular case, can have no general applicability. The public have an inherent right to use the public streets and thoroughfares in a lawful manner so as not to cause disturbance to other persons lawfully engaged. Under this principle the stoppage of music in front of places of public worship could be insisted on at the actual hours of public worship therein. By executive orders based on prescriptive rights the Government have also prohibited processional music at all times in front of certain specified religious buildings. The claim of the adherents of one creed to have the sanctity of all their religious edifices at all times involves a violation of the natural legal right of the general community. In several instances however, Government have had to intervene and enforce by executive orders the restruction of such rights for the sake of peace and public tranquillity.

The prohibition of cow-killing for which there is a eneral demand from one section of the community is another similar question in which the wishes of the one section can be met only by the prevention of the exercise by other sections of their legal and natural rights. Apart from economic considerations against the enforcement of a general prohibition, even a restricted prohibition would mean an invasion of the rights of minorities in respect of their social usages.

The recent Hindu-Muslim Unity Conference at Delhi has resolved that no one can expect the aid of law to put down other people's natural rights out of regard for one's own feelings or sentiments and that all concessions must be left to voluntary agencies, Conciliation Committees and mutual agreements among the people, outside the pale of legislation.

The Government desire to have the opinion of the Assembly as to whether any, and if so, what action is possible with reference to these two matters on the basis of reciprocal concessions, with the object of promoting harmony and goodwill between the different communities.

APPENDIX G.

GENERAL RESOLUTIONS NOT TAKEN UP.

1. That this Assembly recommends to the Government of His Highness the Maharaja that they may be pleased to adopt prompt and suitable measures for the protection of cows in the State as is being done in certain other States of India.

MOVERS.—1. Mr. O. V. Rajagopal, Kolar Gold Fields.
2. „ H. Krishnamurthiachar, Mulbagal Municipality.
3. „ K. Shama Rao, Mulbagal Taluk.
4. „ Baire Gowda, Kolar Taluk.
5. „ Doddarame Gowda, Kolar Taluk.
6. „ M. Narasinga Rao, Kolar Gold Fields.
7. „ Rajahanumappa Chetty, Bowringpet Municipality
8. „ Channabasappa, Bowringpet Taluk.
9. „ Chikkamuniappa, Sidlaghatta Taluk.
10. „ S. Hampaiya do
11. „ A. Venkataramana Bhoyi Sidlaghatta Taluk.
12. „ M. Venkatarayareddi, Chikballapur Taluk.
13. „ N. Sonnappa do
14. „ Chikkanarasi Reddi, Bagepalli Taluk.
15. „ Narayana Reddi do
16. „ Sendi Anjanappa } Goribidnur Taluk
17. „ Venkataramanappa }

2. That this Assembly respectfully recommends to the Government of His Highness the Maharaja that cow slaughter as well as the sale of cows for the purpose of slaughter in the State be prohibited by legislation.

MOVERS.—1. Mr. Nadig Lakshman Rao } Sorab Taluk.
2. „ Bhaskara Rao }
3. „ A. Ananthiah, Shimoga Taluk.
4. „ K. Suryanarayana Rao, Tumkur Taluk.
5. „ S. Nanjappa, Tiptur Taluk.
6. „ Nanjundappa of Alur.
7. „ K. Ramanna, Kattehalli. } Hole-Narsipur.
8. „ Giddegowda. }
9. „ Bale Vankatasamiah. }

3. That this Assembly recommends to the Government of His Highness the Maharaja that the sale of cows and cow calves which could be used for agricultural purposes to butchers and the using of cows for tilling lands and drawing carts be forbidden by means of legislation.

MOVERS.—Mr. H. N. Raghavendra Rao, Hunsur (Rural).
„ Siddegowda, T.-Narsipur (Rural).

4. That this Assembly recommends to the Government that, in the Regulation for the prevention of cow slaughter which is said to be under the consideration of Government, suitable provision may be made to stop the slaughter in public of sheep and she-buffaloes before *Shakti Devate* in each village.

MOVER.—Mr. Doddaiya, Photographer, Chitaldrug.

APPENDIX H.

REPRESENTATION NOT TAKEN UP.

No 34. Free Grazing in Amrut Mahal Kavals.

Mr. Nalkadure Halappa, Channagiri Taluk.

Summary of Representation.—The agents of the Amrut Mahal Department are in the habit of levying *hulbanni* from the raiyats and allowing the cattle to graze therein after the cattle of the Department have departed from the kaval. It is prayed that the raiyats may be permitted to graze their cattle in such kavals free of cost after the departure of the cattle of the Department.

No. 81. Recruitment of Judicial officers from among the members of the bar of the Nagar Division.

Mr. A. Ananthiah, Shimoga Taluk.

Summary of Representation.—The Government are aware as also the Judges of the Chief Court, that there are advocates parctising in the Nagar Division, who are quite fit to be recruited to judicial service but no chance is given to them as yet. It is prayed that the Government be pleased to select men from among the bar of Nagar Division to the judicial services.

No. 82. Empowering the Special Second Grade Magistrate, Sagar, to try first class cases.

Messrs. Dalavoy Basalingappa and Gojjanur Chennappa Setty, Sagar Taluk.

Summary of Representation.—The Magistrate in charge of the Special Second Grade Magistrate's Court at Sagar, not being invested with first class magisterial powers, all the first class cases arising in the Sagar Sub-Division are to go to the Special First Grade Magistrate, Shimoga, and consequently the parties and witnesses from the interior parts of the Sub-Division, which extends over a distance of 100 miles from the court, are put to great difficulties,

especially in the rainy season. The Government also are put to loss in paying the travelling allowance to the police and other officers attending the court as witnesses in these cases. It is therefore prayed that the Magistrate in charge of the Special Second Grade Magistrate's Court at Sagar, be empowered to try first class cases also.

No. 83. Extradition warrants in Breach of Contract Act cases.

Mr. S. Honnappaiah, Chikmagalur Taluk.

Summary of Representation.—The question of the issue of extradition warrants in Breach of Contract Act cases may be favourably considered.

No. 84. Fixing a time limit for the speedy disposal of cases in the Munsiff Courts.

Mr. Bhupalam Nanjundiah, Hosdurga Taluk.

Summary of Representation.—As much delay is caused in disposing of suits filed in the Munsiff Courts with the result that the parties are put to great loss, it is prayed that a time limit of two years and one year may be fixed for the disposal of orginal and small cause suits, respectively.

No. 85. Investiture of powers under the Breach of Contract Act to maidan taluk amildars.

Mr. J. S. Mahalingappa, Jagalur Taluk.

Summary of Representation.—It is desirable that amildars of maidan taluks should be authorised to exercise the powers now exercised by the amildars of malnad taluks under the Breach of Contract.

No. 86. Compulsory vaccination.

Mr. Patel Mallappa, Holalkere Taluk.

Summary of Representation—Compulsory vaccination, which is at present in force in both town and minor municipalities, should be introduced into villages which have got a panchayet.

No. 87. (*a*) Indigenous hospitals.

Messrs. K. Ramanna, Kattehalli Giddegowda and Bale Venkatasamiah, Hole-Narsipur.

(*b*) Establishment of Unani Dispensaries.

Messrs. Meer Mahomed and T. Basettyappa, Tarikere Taluk.

Summary of Representation.—(a) Ayurvedic or Unani hospitals may be kindly opened at Government cost in all taluk headquarters for the benefit of the rural populace.

(*d*) Early steps may be taken for the establishment of the Unani Dispensaries in the State as there are trained men available for employment for the purpose.

No. 88. Supply of extra medicines to Local Fund Dispensaries when necessary.

Mr. Mayee Gowda, T.-Narsipur Taluk.

Summary of Representation.—Pray that extra medicines may be supplied to these dispensaries when, owing to the increase in the number of patients and other causes the stock supplied at the beginning of the year is exhausted.

No. 89. Abolition of Itinerary Hospitals.

Messrs. B. Gopalachar, T. Ramanna and S. H. Venkatappa, Tirthahalli Taluk.

Summary of Representation.—No useful purpose is served by the continuance of the itinerary hospitals. It is prayed that these hospitals be abolished and the number of dispensaries increased in the interior of the malnad.

No. 90. A Veterinary Hospital to every taluk.

Messrs. Y. Srinivasa Iyengar, Yelandur Taluk, Siddalinga Setty and B. Chennappa, Yedatore Taluk; Puttanna and B. S. Venkatanagappa Setty and Sanganabasappa, Chamrajnagar Taluk.

Summary of Representation.—Pray that a Veterinary Hospital be opened in every taluk centre so that cattle that are attacked by diseases may be successfully treated there. The advantages derived from the itinerant Inspectors are very insignificant.

No. 91. Agricultural Demonstration Farms.

Messrs. A. C. Nanjundappa, Alur Sub-Taluk; A. Narayana Iyengar, Hassan Taluk; A V. Suryanarayana Setty and Nanganna Setty, Arkalgud Taluk.

Summary of Representation.—To enlighten raiyats in the improved methods of cultivation it is desirable that the number of Demonstration Farms should be increased.

They may be opened at all district headquarters.

No. 92. Establishment of seed depots by the Agricultural Department at taluk headquarters to supply good seed.

Mr. Guruswami Gowda, Hoskote Taluk.

Summary of Representation.—It is requested that seed depots be opened at all the taluk headquarters to supply good seeds to raiyats at reasonable rates.

No. 93. Change of Weights and Measures Regulation.

Mr. S. Virabhadrappa, Sowcar, Chitaldrug Taluk.

Summary of Representation.—The existing system of weights, *viz.*, 24 tolas=1 seer and 40 seers=1 maund is causing inconvenience to people of the State. The old

system of weights, *viz.* 22 tolas = 1 seer and 48 seers = 1 maund which was more convenient may be introduced again.

No. 94. Selection of local members for the Board of Management of the Iron Factory at Bhadravati.

Mr. S. Murigappa, Shimoga Taluk.

Summary of Representation.—It is prayed that two respectable local persons may be selected as Members of the Board of Management of the Iron Factory to consider the grievances of the raiyats of the neighbouring locality and discuss measures for the relief required.

No. 95. Labour Bureau for malnad.

Messrs. Hosakoppa Krishna Rao and Jammatige Shama Jois, Koppa Taluk.

Summary of Representation.—Effect may be given to the Government order sanctioning the creation of a Labour Bureau for malnad without demanding contribution from the people.

No. 120 A Sanskrit teacher for every complete middle school.

Mr. B. Sitaramiah, Hiriyur Taluk.

Summary of Representation.—A Sanskrit teacher may be sanctioned for every complete middle school.

No. 130. Conversion of incomplete middle schools into complete middle schools.

Mr. Nalakudre Halappa, Channagiri Taluk.

Summary of Representation.—It is prayed that incomplete middle schools, having more than 150 students and 3 teachers may be converted into complete middle schools. If this is not possible for Government to do so and if the villagers concerned are willing to pay a sum of Rs. 2,500 towards the construction of a building, the Government may undertake the construction of the building by providing a like sum from the State Funds.

No. 131. (*a*) Frequent change of text-books in primary schools.

(*b*) Group system for the Kannada Upper Secondary Examination.

Mr. N. Gurulingappa, Honnali Taluk.

Summary of Representation.—(*a*) The frequent change of text-books in primary schools causes much inconvenience to the young boys. It is prayed that text-books once prescribed should not be changed for three years.

(*b*) It is found very difficult for students to secure a pass at the same time in all the subjects of the Kannada

Upper Secondary Examination. It is prayed that as in the case of the B. A. Degree Examination, the subjects of the Kannada Upper Secondary Examination be divided into two groups so that students may secure passes separately in different groups, if it is not possible to do so at a time.

No. 132. Introduction of agriculture as a compulsory subject in primary and middle schools.

Mr. Hutchhanumegowda, Nelamangala Taluk.

Summary of Representation.—Pray that agriculture be introduced as a compulsory subject into the curriculum of all primary and middle schools.

No. 133. Freeships to all Devanga students in all schools and colleges in the State.

Mr. C. K. Hutchappa, Bangalore City.

Summary of Representation.—It is requested that freeships may kindly be granted to all Devanga students studying in all schools and colleges in the State.

No. 137. Co-operative Societies.

Mr. Moorkal Rachotappa, Harihar.

Summary of Representation.—It is expedient that Deputy Commissiones and Revenue Sub-Division Officers should exercise control over the working of the Co-operative Societies under their jurisdiction.

No. 138. Separate agency for executing Co-operative Society decrees.

Mr. S. Honnappiah, Chikmagalur Taluk.

Summary of Representation.—Much delay is caused by the present system of executing co-operative decrees through the revenue agency. The revenue authorities have multifarious duties and they cannot pay prompt attention to this work. Government may be pleased to appoint an executive officer for each district, at least of the grade of a shekdar for this work, his pay being met out of the realisations of stamp duty since ordered to be recovered on suits of Co-operative Societies.

No. 154. Improvement of the Bhadravati town and preventing the pollution of the river water.

Messrs. A. Ananthiah and Bharmajappa, Shimoga Taluk.

Summary of Representation.—The old town of Bhadravati has become highly conjested and most insanitary on account of the influx of the foreign labour required for the Iron Works at Bhadravati. As a result of

this, epidemics are of common occurrence. The extension of the town with water-supply thereto is very necessary. It is prayed that as already proposed by the Iron Works, the improvement of the town as above may be undertaken early.

It is also prayed that arrangements may be made to stop the flow of waste water of Iron Works into the river as it has spoiled the river water and made the water unfit for use by men and cattle.

No. 155. Increase of the grants for Village Improvement Works

Messrs. B. M. Muniswamappa, Bangalore Taluk and B. Srinivasa Iyengar and R. Subba Rao, Anekal Taluk.

Summary of Representation.—It is requested that the Government be pleased to give equal grants for the village improvement works as before and not $\frac{1}{3}$ as it is done now on account of the objections raised by the Comptroller.

No. 156. Taluk Boards.

Messrs. H. Boranna and Mahadevappa, Hassan Taluk.

Summary of Representation.—(*a*) The following additional powers may be given to the Local Bodies:—

1. Management of minor tanks.
2. Management of State Fund roads.
3. Management of Minor Muzrai Institutions.

(*b*) They may be further permitted to employ an engineering establishment necessary therefor.

No. 157. State grant for rural development.

Messrs. H. Manjiah and Narasimhegowda, Channarayapatna Taluk.

Messrs. Boranna and Mahadevappa, Hassan Taluk.

Summary of Representation.—As the village population is far backward in point of material and moral development, it is prayed that the Government be pleased to contribute an amount equal to the present income of the District and Local Boards.

An annual grant equal to the amount of Local Fund cess may be granted by Government to each district for local improvements.

No. 158. Annual grant of Rs. 5,000 for Tumkur Town Improvement.

Mr. Bhavikatte Channabasappa, Tumkur Municipality.

Summary of Representation.—It is prayed that an annual grant of Rs. 5,000 be sanctioned for Tumkur

Municipality for town improvement as is done for Bangalore and Mysore.

No. 159. Rate payers to elect Presidents and Vice-Presidents from among the local influential gentlemen.

Messrs. Bhavikatte Channabasappa, Tumkur Municipality and S. Nanjappa, Tiptur Taluk.

Summary of Representation.—It is prayed that the privilege of electing the Presidents and the Vice-Presidents of local bodies preferably from among the local influential and patriotic gentlemen, be given to the rate payers.

No. 160. Establishment of village panchayets for each village or a group of villages in the whole State.

Mr. Shamasastry, Maddigiri Taluk.

Summary of Representation.—It is absolutely necessary that panchayets must be established throughout the taluks of the State, so that not a single village escapes inclusion in a panchayet. Panchayet Funds will have to be supplemented by means of Government grants by the assignment of the produce from communal lands such as tank beds and gomal lands in excess of the area required for the village cattle.

No. 161.—Elected Presidents for both Maddagiri Municipality and Maddagiri Taluk Board.

Mr. Shamasastry, Maddagiri Taluk.

Summary of Representation.—Maddagiri is an important place, where educated men and enlightened people who take interest in the affairs pertaining to Local Self-Government, are found in great numbers. In view of the policy of Government to encourage Local Self-Government in the State gradually the question of giving an elected President to the Maddagiri Municipality and an elected President to the Maddagiri Taluk Board, may be kindly considered with favour.

No. 162.—Increasing the number of members to be returned by election in Minor Municipal Councils to six.

Mr. Y. Chandrasekharappa, Koratagere Sub-Taluk.

Summary of Representation.—At present, the number of members to be returned by election is only 4 out of 12 in the constitution of Minor Municipal Councils. It is prayed that the number of members to be returned by election be increased to six.

No. 163.—Grants to Minor and Town Municipalities.

Messrs. Siddegowda, T.-Narsipur, M. Sitharamaiya, Malvall Taluk and Lingegowda, Krishnarajpete Taluk.

Summary of Representation.—Pray (1) that Government may be pleased to give grants-in-aid to Minor and Town Municipalities for carrying out works of public utility, the income of these bodies being too poor to enable them to take up these works by themselves.

(2) That grants-in-aid for sanitary improvements be so distributed among those bodies that every one of them may derive some benefit.

(3) That the power of sanctioning village panchayet works be given to Taluk Boards to avoid delay in getting sanction to them.

No. 164.—Election of Municipal Presidents and Vice-Presidents.

Messrs. K. Ramanna, Kattehalli Giddegowda and Bale Venkatasamaiah, Hole-Narsipur Taluk and A. C. Nanjundappa, Alur Sub-Taluk.

Summary of Representation.—Just as Municipal Councillors are elected by the towns-people, so may the Presidents and Vice-Presidents be allowed to be elected by them.

No. 165. Sinking more wells for drinking purposes in villages.

Messrs. Lakshmappa, Sidlaghatta Taluk, and A. Venkataramana Bhoyi, Sidlaghatta.

Summary of Representation.—In several villages there is considerable difficulty for drinking water. It is not fair to demand villagers to contribute for drinking water wells. It is prayed that Government may bear the whole cost and provide drinking water wells in villages where such wells do no exist.

The State grant promised to be enhanced for drinking water wells may be increased still further.

No. 166. Grant for Village Improvements.

Mr. Venkatarayareddi, Chikballapur Taluk.

Summary of Representation.—(*a*) Out of 60 lakhs of the population of the State, only 5 or 6 lakhs of people reside in towns and cities. The rest are the residents of villages. But Government sanction large grants for the improvement of urban areas and no similar concession is shown for villagers. It is prayed that a yearly grant of at least 6 lakhs of rupees may be sanctioned for the improvement of villagers.

(*b*) It is also prayed that the policy adopted during the administration of Sir M. Visvesvaraya for the village

improvement may be brought into effect. The Government grant which has since been reduced from half to one-third may be increased in the case of Village Improvement Contributions.

No. 167. Proportion of elected members in Minor Municipalities and Taluk Boards.

Mr. M. S. Narasinga Rao, Molakalmuru Taluk.

Summary of Representation.—Members elected to Minor Municipalities and Taluk Boards, must form four-fifths of the number of the members. In British India, in all the Councils and Boards, this system is introduced in the recent reforms, and so the same may be introduced in Mysore.

No. 168. Enhancement of the powers of the Taluk Boards.

Mr. Venkatappa *alias* Chikkanna, Malvalli Taluk.

Summary of Representation.—Pray that Taluk Boards be empowered to sanction estimates up to Rs. 500 as delay is being experienced in getting the sanction of District Boards for them.

No. 169.—Levy of cess on motor traffic.

Messrs. Dalavoi Basalingappa Sagar Taluk, Gojjanur Chennappa and Doddamanjappa, Sagar Taluk.

Summary of Representation.—Owing to the heavy traffic of motor cars, and buses the condition of the roads of Provincial and Local Boards, has become very bad. It is therefore necessary that special repairs should be made to the roads at increased cost. It is prayed that in order to find funds for undertaking special repairs as above, a cess of an anna per running mile on every motor passing on the roads may be caused to be levied.

No. 170.—Extension of the term of Office of elected Presidents and Vice-Presidents from one to three years.

Messrs. B. Rangarajiah, Mudgere, B. Keshaviah and Syed Peer Sab, Chikmagalur Municipal Council.

Summary of Representation.—(*a*) According to recent Government orders, an elected Vice-President of a Municipal Council has to vacate his office at the end of one year. It is a matter of common experience that a period of at least one year is necessary for a Vice-President to get himself acquainted with the details of work to be able to successfully discharge the duties devolved on him, and Government are doubtless aware that in these circumstances, the elected individual will only be a Vice-President by name

having no sufficient opportunities of satisfactorily serving the cause of the public. It is therefore requested that the existing rule may be modified and the term of three years fixed as before.

(*b*) The term of the Presidents may also be extended to a like period.

No. 171.—Selection of subjects, resolutions, etc., for the Representative Assembly and Legislative Council.

Mr. S. Srikantaiya, Mysore University.

Summary of Representation.—That the recommendations of the Seal Committee regarding the selection of subjects, resolutions and interpellations, etc., for the Representative Assembly and the Legislative Council may be accepted.

No. 172.—Amendment of rules of election to the Legislative Council and Representative Assembly.

Messrs. M. C. Lingegowda, S. C. Malliah, Mandya Taluk and S. Thimmaiyagowda, Krishnarajpete Taluk.

Summary of Representation.—In electing members to the Legislative Council and the Representative Assembly from the rural constituencies, the following changes in the existing procedure are suggested:—

(1) owners of lands whose names are not on the khate may be entered in the electoral rolls, provided they are the actual owners of properties assessed and pay the assessment;

(2) instead of appointing two associates whose duties have not been defined, the representatives of candidates may be permitted to sit with the polling officers;

(3) there may be a polling centre for every group of 300 voters;

(4) votes may be recorded from 8 A.M. to 5 P.M. only;

(5) the election in every constituency should be made under the supervision of an Assistant Commissioner or an officer of equal status;

(6) the Amildars and Police Inspectors need not be appointed polling officers nor they or their subordinates deputed to help the polling officers;

(7) The candidates for election to the Representative Assembly may be ordered to deposit a sum of Rs. 100 and those to Legislative Council Rs. 200.

No. 173.—Economic Survey of the malnad.

Mr. S. Honnappiah, Chikmagalur Taluk.

Summary of Representation.—Malnad is deteriorating day by day. There seems to be no use in alloting some money for certain specific purposes. There are many other causes which require thorough investigation and remedy. Government may be pleased to make arrangements for a thorough investigation being made into those causes by an efficient body of leading planters and land owne , and necessary action taken on the result of such investigation. This is a very urgent and important problem requiring instant attention.

No. 174.—Candidates of Backward Communities to be appointed Amildars, etc.

Messrs. M. C. Lingegowda and S. C. Malliah, Mandya Taluk.

Summary of Representation.—Pray that competent candidates representing backward classes be appointed Amildars and Police Inspectors as these have to work mostly among these communities.

No. 175.—Establishment of a separate department for putting down bribery in the State.

Mr. D. S. Mallappa, Tiptur Taluk.

Summary of Representation.—It is prayed that arrangements may be made for the establishment of a separate department for putting down bribery in the State as has been done in Hyderabad.
